INVITATION LETTER

It is a pleasure to invite you to take part in the 29th edition of the famous EURO conferences. EURO meetings are intended to be forums for communication and cooperation among European Operational Researchers. Being broadly oriented, they are intended to be international meetings of Operational Researchers who are active in all the diverse special areas of Operational Research and to the free exchange of knowledge, experience, new ideas and promising results relating to the research and practice of OR. In the 40-year history of the EURO-k series, the conferences have been held in 18 different countries. Each edition gathers thousands of researchers, thanks to the attractiveness of the EURO association itself which hosts more than 30 important national Operations Research societies (Austria, Belarus, Belgium, Croatia, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Israel, Italy, Lithuania, Netherlands, Norway, Poland, Portugal, Russian Federation, Serbia, Slovakia, Slovenia, South Africa, Spain, Sweden, Switzerland, Tunisia, Turkey and United Kingdom).

For this 29th edition, the Organization Committee is devoted to giving sponsors a key and central role in the event. Exhibition space is where all the action takes place, right next to all rooms where talks will be given and in the middle of coffee breaks. The OC is willing to give your company the space and consideration it deserves, as well as a maximum visibility. Similarly, the Program Committee is also continuing with the recent "Making an Impact" initiative, started in Glasgow 2015 where practitioners and academicians get together with key figures from industry to share the latest developments in applied Operations Research.

We have put together what we think is a comprehensive set of options and alternatives for your company to be seen and heard. Do not hesitate to contact us should you have further ideas and/or requirements. We will be happy to hear what you have to propose!

— **Ramón Álvarez-Valdés and Rubén Ruiz**

CONFERENCE VENUE

It is our great pleasure to announce that the 29th European Conference on Operational Research (EURO 2018), will be held in Valencia, Spain, scheduled from 8th to 11th July 2018 (for further details see the following link: euro2018valencia.com)

UNIVERSITAT
POLITÀCNICA
DE VALÈNCIA

UNIVERSITAT
DE VALÈNCIA

UNIVERSITAT DE VALÈNCIA & UNIVERSITAT POLITÈCNICA DE VALÈNCIA

This year's conference is organized by EURO – the European Association of Operational Research Society, SEIO – the Spanish Statistics and Operations Research Society, Universitat de València, Universitat Politècnica de València and Fundació Universitat Empresa de València.

- EURO 2018 is intended to be a forum for communication and cooperation among European Operational Researchers; it is also intended to be an international meeting of Operational Researchers who are active in all the diverse special areas of Operational Research and to serve the free exchange of new ideas and promising research results.

PARTICIPANTS

The Program Committee, chaired by Greet Vanden Berghe from KU Leuven University and Organizing Committee, co-chaired by Ramón Álvarez-Valdés from University of Valencia and Rubén Ruiz from Polytechnic University of Valencia, are preparing a high quality scientific program and an exciting social program. The conference will be participated by researchers, academicians, practitioners, as well as students.
